

Biker campsite

Trellwyn, Llanwnnen, Ceredigion, SA48 7LJ.

Grid ref: SN522 466

Set in rural west Wales.

10 miles from the coast of cardigan bay.

½ hour ride from Aberystwyth, Llandovery and the Brecon Beacons favoured area to many bike clubs from all over due to the exceptional scenery and roads.

Being a keen bike enthusiast myself and having ample space within the grounds of my farm to accommodate large groups of people the idea of opening up my gates for the use of other bikers to camp came about after difficulties encountered by a local bike group trying to find hospitable campsites for themselves.

As you can appreciate this is the first year I have offered this and due to the uncertainty of the demand I have limited facilities which I will expand if sufficient interest is shown.

I am able to offer the following:

Hard standing area for up to 100+ bikes (50 under cover).

Barn for undercover parties.

Large barbecue.

Seating and tables.

Toilet and shower facilities.

Mobile bar and burger van available on request (subject to availability).

For prices, information or a chat contact Dai or Nicky on:
